NOTICE OF DISTRICT PETITION TCEQ INTERNAL CONTROL NO. D-11042025-009

PETITION. AGF Denton Ranch, Ltd., a Texas limited partnership, (Petitioner) filed a petition for creation of Hickory Creek Municipal Utility District of Denton County (District) with the Texas Commission on Environmental Quality (TCEQ). The petition was filed pursuant to Article XVI, §59 of the Constitution of the State of Texas; Chapters 49 and 54 of the Texas Water Code; 30 Texas Administrative Code Chapter 293; and the procedural rules of the TCEQ.

The petition states that: (1) the Petitioner holds title to a majority in value of the land to be included in the proposed District; (2) there are no lienholders on the property to be included in the proposed District; (3) the proposed District will contain approximately 1,391.49 acres located within Denton County, Texas; and (4) some of the land within the proposed District is partially within the extraterritorial jurisdiction of the City of Denton.

The territory to be included in the proposed District is depicted in the vicinity map designated as Exhibit "A", which is attached to this document.

The petition further states that the proposed District will: (1) purchase, construct, acquire, improve, or extend inside or outside of its boundaries any and all works, improvements, facilities, plants, equipment, and appliances necessary or helpful to supply and distribute water for municipal, domestic, and commercial purposes; (2) collect, transport, process, dispose of, and control domestic and commercial wastes; gather, conduct, divert, abate, amend, and control domestic and commercial wastes; (3) gather, conduct, divert, abate, amend, and control local storm water or other local harmful excesses of water in the proposed District; (4) design, acquire, construct, finance, improve, operate, and maintain macadamized, graveled, or paved roads and turnpikes, or improvements in aid of those roads; and (5) purchase, construct, acquire, improve, or extend inside or outside of its boundaries such additional facilities, systems, plants, and enterprises as shall be consonant with all of the purposes for which the proposed District is created. Additionally, it is further proposed that the proposed District be granted road powers pursuant to Texas Water Code Section 54.234.

According to the petition, a preliminary investigation has been made to determine the cost of the project, and it is estimated by the Petitioner that the cost of said project will be approximately \$506,370,000 for water, wastewater, drainage, and road facilities.

The Property depicted in Exhibit "A" is located partially within the extraterritorial jurisdiction of the City of Denton, Denton County, Texas (the "City"). In accordance with Local Government Code §42.042 and Texas Water Code §54.016, the Petitioner submitted a petition to the City, requesting the City's consent to the creation of the District. After more than 90 days passed without receiving consent, the Petitioner submitted a petition to the City to provide water and sewer services to the proposed District. The 120-day period for reaching a mutually agreeable contract as established by the Texas Water Code §54.016(c) expired and the information provided indicates that the Petitioner and the City have not executed a mutually agreeable contract for service. Pursuant to Texas Water Code §54.016(d), failure to execute such an agreement constitutes authorization for the Petitioner to initiate proceedings to include the land within the proposed District.
